Brands and logos

Our Company

DuluxGroup is a manufacturer and marketer of products that protect, maintain and enhance the spaces and places in which we live and work.

From household rooms transformed by the latest designer colours, to the ripe tomatoes in the garden, to the coatings that protect landmarks, such as the Sydney Harbour Bridge; DuluxGroup products are at work. Our brands have been woven into the fabric of the communities where we operate, helping consumers to live better and more comfortable lives.

With the acquisition of the Alesco businesses in December 2012, DuluxGroup has increased the number of strategic business units and employs more than 4000 people in Australia, New Zealand, Papua New Guinea, South-East Asia and China. See the [DuluxGroup Overview](#) for more information, and see our [operating model diagram](#) to understand how we work together.

See our corporate website www.duluxgroup.com.au for an overview of the business segments.

For information on our businesses and strategic business units (SBUs) click on the brand logos below.
