**About Me**

About Me: I work on Tuesday, Wednesday and Thursday.  
How to find me: Come left out of the lifts, then hang a right through the inner door. I am on the desk of desks right at the end, overlooking the park.  
ICMExchange 2.0; Exchange and SOA.

## Search applications: IRIS

The screenshot displays the IRIS search application interface. At the top, there is a navigation bar with 'My Home' and 'Welcome Brigit Lander'. The main content area is titled 'Search results' and shows a search for 'ufb' with 'Results 1-10 of about 293'. The results list includes several articles with abstracts and keywords. On the right side, there is an 'Advanced search' section with a 'Find documents with...' filter. The filter options include 'All of these words', 'The exact phrase', 'Any of these words', and 'None of these words'. There are also checkboxes for 'Sources' such as 'All sources', 'AAP', 'Corporate Exec. Board', etc.

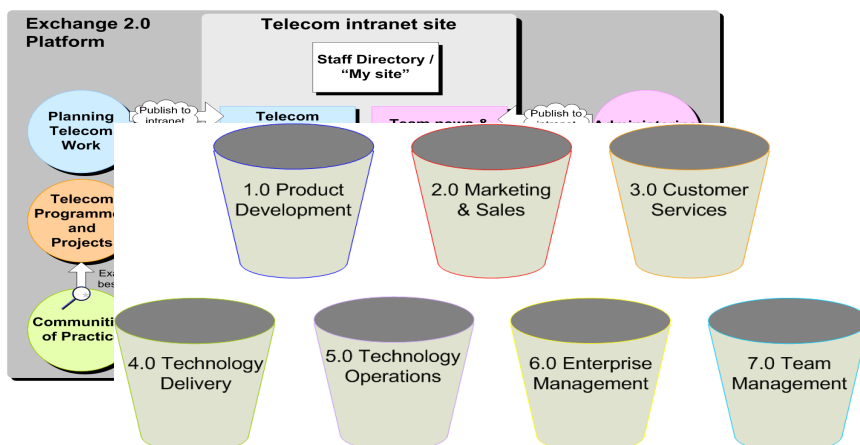

## Service catalogue

The screenshot shows the 'Service Catalogue' application. The main content area is titled 'ReadyCloud Mail' and displays a 'Customer Proposition' section. The proposition text states: 'ReadyCloud Mail offers a lower-cost, better-value alternative to owning and operating corporate and enterprise email systems with the ability to integrate them with customer premises infrastructure and Telecom's Fixed, Mobile and WAN networks to provide superior capabilities and performance.' Below this, there is a 'Product Overview' section and a list of features. On the right side, there are sections for 'Key Product Contacts', 'Related Sites', 'Product Tools & Resources', and 'Common Tools & Resources'. The interface includes a navigation sidebar on the left with icons for various services like 'Cloud Services', 'Connectivity', and 'Security'.
