FUTURE WORKPLACE THEMES

“Healthy is new wealthy”

- FutureBanking.ru

the ACTIVITY

Step 01
Get connected. Tether your savings account with any activity tracker of your choice.

Fitbit Fit Jawbone

Step 02
Keep the beat. The more activity we track from your device, the more we transfer to your savings.

Step 03
Track the profit. A user-friendly platform will let you know how and what your profits are.

**The more you move
the more you earn**

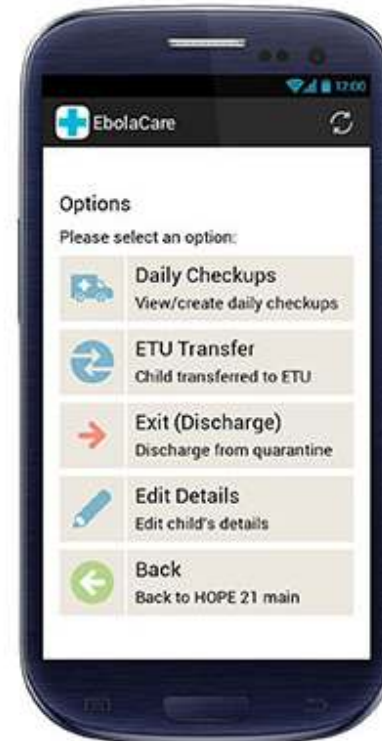

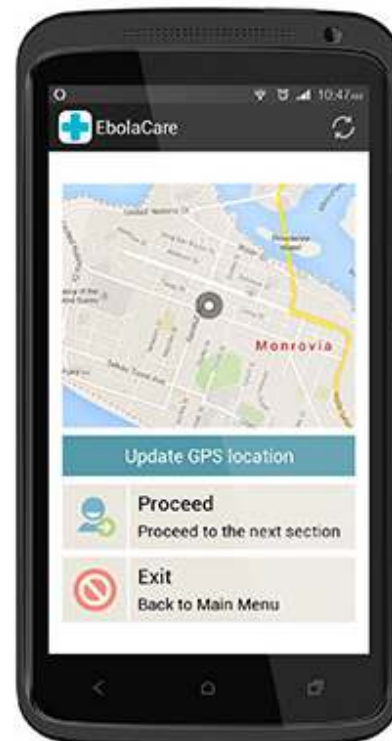

An application that made
Russians move.

Ally Bank asked us to make clients save up, so we created Activity™, a unique technology to turn money through an active lifestyle. With every step you make, money will be transferred from your current bank account to a special savings account with a higher interest rate.

EDITED BY DAVID LECHNAROT
FOLLOW US  

Who Will Win the Senate?

According to our statistical model that forecasts the election, it's a tossup.
The Democrats have about a 51 percent chance of retaining a majority.

Wesley Berggren/The New York Times

The American Middle Class Is No Longer the World's Richest

After three decades of slow growth, median income in the U.S. trails that of Canada. Poor Americans now make less than the poor in several other countries.
